- Saturday evening dinner catered by Ironworks Cafe & Market in Othello
- On-site camping spots available - *talk bees into the night!*
- Silent/Online Auction & Live Auction
- Fundraising raffle that funds beekeeping research in Washington

ABOUT WASBA

Washington State Beekeepers Association (WASBA) promotes beekeeping around the state – networking with local clubs, partnering with 4-H, Community Colleges and even the Department of Corrections in both Washington and Oregon.

In 2019 WASBA re-started its annual conference, drawing over 300 people to Eastern Washington on a cold, snowy February. In 2020 we quickly adapted to the COVID-19 restrictions and hosted a virtual conference with over 200 attendees from the US and Canada! In October of 2021 we will be hosting a “JamborBEE” Conference in-person at the WSU Honey Bee & Pollinator Research facility in Othello, Washington.

Washington State has one of the nation’s most favorable beekeeping laws which came about due to WASBA and its member’s advocacy. This law provides zero liability to beekeepers provided they are registered with the state, follow their area’s local laws, as well as local beekeeping best practices.
